Accessing Supports

The Crisis Response Team's role is to stabilize the immediate crisis and to direct those that require it to additional ongoing supports. For some, the crisis may trigger some personal past history that requires further support. It is important to offer and link staff and students to appropriate resources.

Supports for Staff

All board staff have access to an Employee and Family Assistance Program (EAFP) through the Human Resources Department. The Crisis Response Team will highlight these services as well as any local community services. Staff that appear to be struggling will be encouraged to seek out those resources and services.

The EAFP service provider is Shepell and they offer a wide variety of services and resources. Professional counselling under the Employee and Family Assistance Program (EFAP) is accessed voluntarily by the employee and family members, and is strictly confidential. Our EFAP counsellor network is a multi-disciplinary team of professionals who have master's degrees or PhDs in the fields of psychology, clinical soc0w. (y) 3008 Tw IO59. (y) Tw IO5916
